

## Letter to Parents

*Highlight the entire message below. Then, copy and paste it onto your organization's letterhead, or simply into an email to your parents. Substitute the orange-colored text with your information and distribute or send.*

[Month] [Date], [Year]

Dear [Team Name/League Name] Parent,

This season, [Team Name/League Name] has partnered with Responsible Sports™ to conduct parent surveys. Like our children, we, as a [team/league] want to improve! By conducting season evaluations to receive your feedback, we'll have valuable input, from you, our parents, to help us understand what we're doing well and what needs improvement for next season.

While the survey won't be sent until closer to the end of the season, I wanted to let you know the subjects the survey covers, so you can take note throughout the season. The Season Evaluation survey, designed by the youth sports experts at Positive Coaching Alliance, includes six key areas:

- Key Safety Measures
- Coaching For Mastery
- Honoring The Game
- Facilities and Equipment
- Filling Players' Emotional Tanks
- Organization Communication

The survey is confidential and anonymous. Plus, you'll also have an opportunity to provide any additional comments in addition to the topics above.

As I mentioned, the survey will be sent via email toward the end of the season, but only one survey may be completed per email address. Please be sure I have the all of the email addresses for those in your household that wish to complete the survey. Then, as the end of the season nears, watch for the survey email from **team@responsiblesports.com**.

The Liberty Mutual Responsible Sports program is an ongoing effort championing and celebrating responsibility in youth sports. This community-based program offers meaningful, easy-to-use educational resources for youth sports parents and coaches, including access to the self-paced, online Responsible Sport Parenting coursework, filled with learning tools, videos, and youth sports advice. To learn more, visit **ResponsibleSports.com**.

Thank you, in advance, for providing your perspective on the season to help us improve!
